

Amended report for period ending December 31, 2007 has been filed.

FEC form 3Z-1 corrected due to software errors. Form 3Z-1 now reports corrected gross receipts applicable to current election cycle. Remaining difference between form 3Z-1 totals and lines 11, 12, 13, 14, and 15 of detailed summary page is applicable to General election 2006 contributions received during the 2008 election cycle. Therefore they are not included in form 3Z-1 totals. Those contributions were postmarked on or before 2006 general election date but received after such date.

Beginning credit card debt corrected to agree with ending credit card debt on amended quarterly report for the period ending September 30, 2007. Total ending debt corrected. No changes in amounts incurred this period or payments this period. Ending credit card debt reconciles with beginning credit card debt on report filed for subsequent reporting period.
